Great boxing gym and good facilities. The coaches are very experienced and willing to put in 100% to training us. It's a no bs gym and respect goes a long way. Coach Bill/Gabriel and UG are legends. Big up KO!

Just want to say that it's been a pleasure to train at KO Combat Academy. This is my first time boxing and being in that kind of environment. Each and every coach have been fantastic. A special mention to Coach Henry who has taken every session I have been in. Confidence has grown week on week and I'm looking forward to the next sessions.

Highly recommend to anyone that wants to learn the fundamentals of boxing. Great atmosphere.

Been going to KO for about 4 months for boxing training. Standard of coaching is fantastic and the instructors are extremely welcoming and supportive. Special shout-out to coaches Henry, Jonathan and UG who have given me confidence in my training and improved my boxing a lot. Highly recommend
